MR. UMANG MODI SIR (ASSISTANT PROFESSOR)

PROF. PARIMAL VYAS SIR (PATRON AND CHIEF GUEST)

DR. REENA BHATIA MAAM (DIRECTOR OF ILG)

DR. JIGAR INAMDAR SIR (SPECIAL GUEST)

HIGHLIGHTS OF THE EVENT:- The event was started by Jayant Agrawal followed with the University Song. Dr. Uma Iyer maam gave the opening remark and welcomed the Guest Speaker. She gave a wonderful speech by highlighting on the topic and enriched the atmosphere. Dr. Jigar Inamdar sir gave us an insight on the public lecture. Dr. Reena Bhatia maam gave us an introduction on IAS Anju Sharma maam.

IAS Anju Sharma maam addressed the student in a graceful manner and motivating all of us. During the Webinar she told us about many points especially the youth should keep in mind during these pandemic times. One and half year since the pandemic came to India and hit in very bad manner till now people were so evolved and get habituated to this COVID Pandemic. She told us not only the youth but everyone has to first accept that covid is a part of our lives now at least for sometime till we achieve victory over it through vaccination and social distancing. She added to Keep social distancing physically and not by hearts.

In India the largest population belongs to the youth so the role of the youth is so mandatory in this COVID Pandemic.

Now, HOW CAN THE YOUTH HELP IN THIS PANDEMIC?

Following covid norms will solve 80% of the problems. The youth can help the nation in a great manner and that is by getting vaccinated. Stop spreading the wrong videos and messages about not taking the vaccine through different social media. Encouraging others to take vaccinated. To keep asking people for wearing mask and maintaining social distancing. Helping others in the best way you can but keep your safety at first.

She also told us to stay at the home and not get out unless until we have the important work to do. Have a proper healthy and nutritious diet and avoid sugary and fatty food.

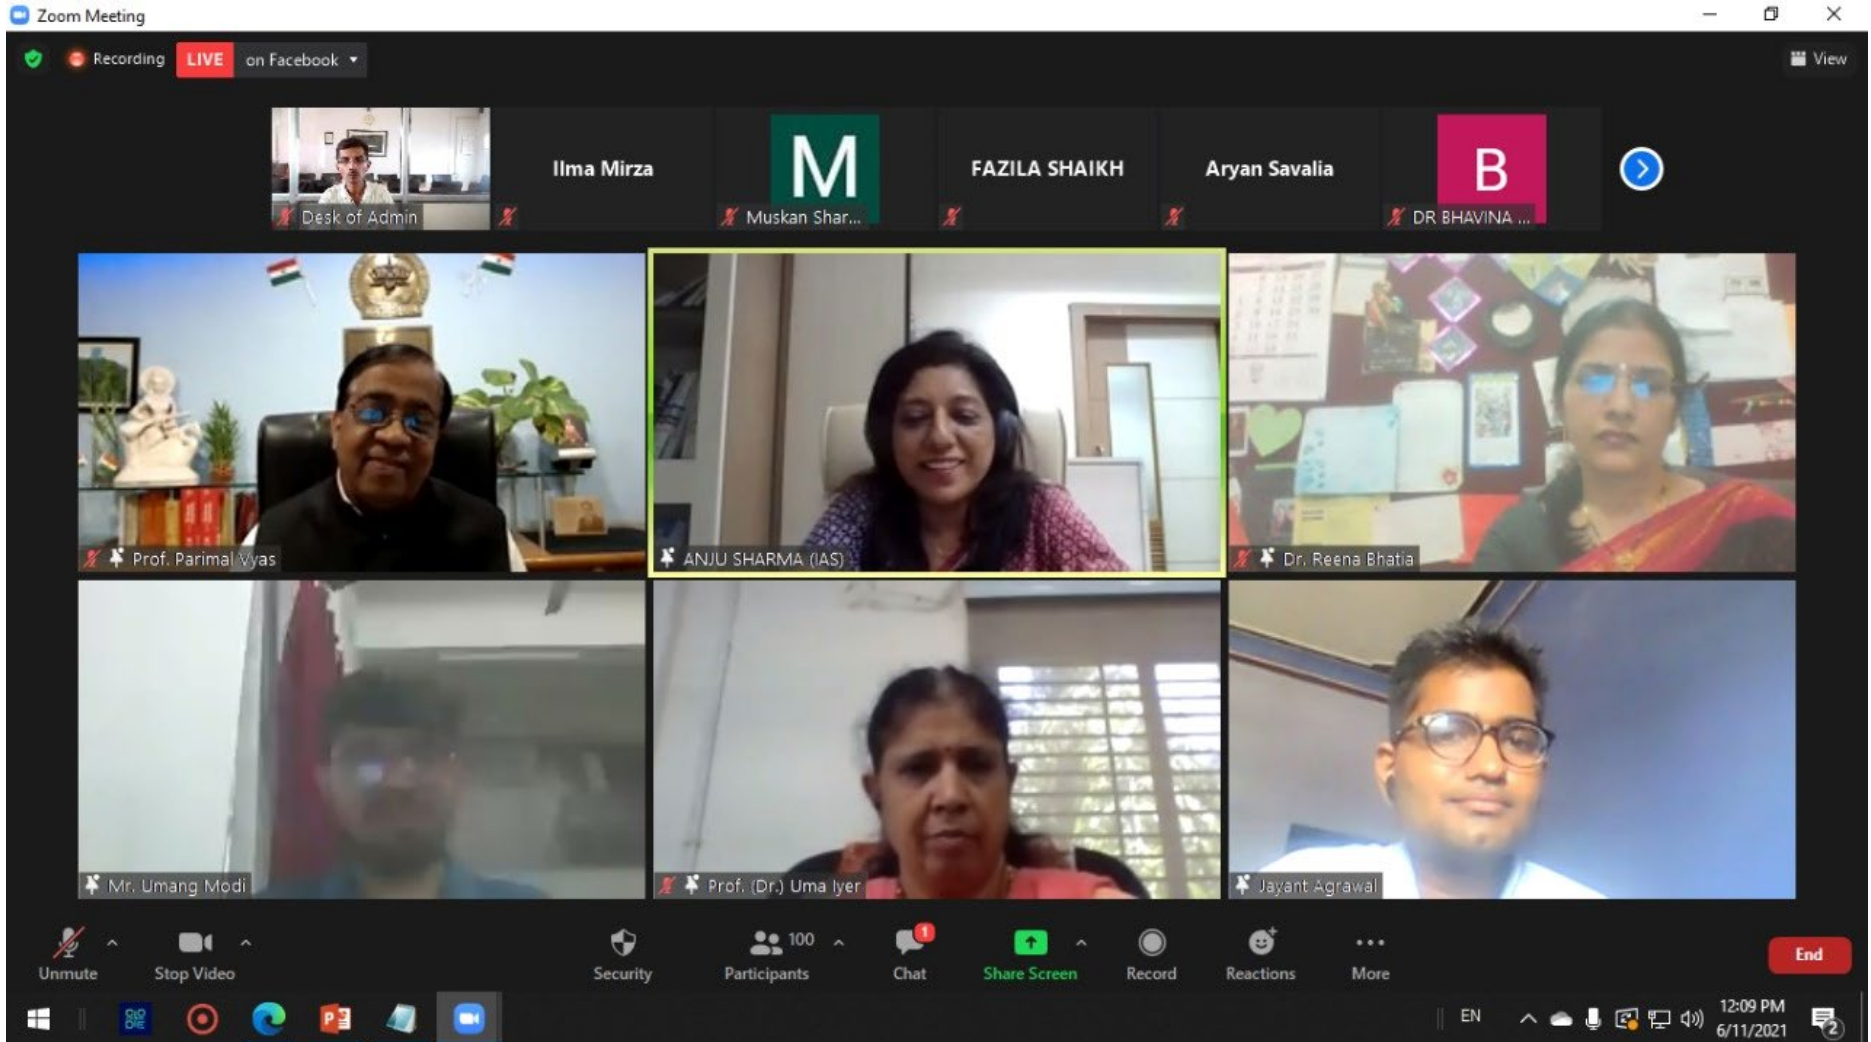

We should get rid of the all the bad and negative thoughts that come to our mind instead think of good and positive thing as what you are thinking has an impact on your health too.

She also told us about so many young students and Members of NGO's that help a lot to our Nurses in the COVID ward. As they were helping and encouraging people wearing PPE kit.

Mr. Parimal Vyas sir lastly thanked IAS Anju Sharma maam and gave us the conclusion that this pandemic situation is been taken cared by doctors and Nurses, though as a youth we could help us a lot by giving very little contribution to our nation that we get Vaccinated and Follow all the rules and regulation.

At last, Umang Modi sir held a Question-answer session where all the participants were given a chance to put forward their doubts and questions. All the students were given a fair chance to interact with the speaker. The event was attended by 100 participants on the online meeting app, Zoom and viewed by over 780 people on universities official facebook page.

At last, the Vote of Thanks was given by the Dr. Reena Bhatia maam. The event was very fruitful for students.
