

# **Technical Visit to Kadana Dam and Wanakbori Weir**

**From 20/01/2020 [1 day(s)]**

Organized by

**WREMI**

**Faculty of Technology and Engineering**

Water Resources Engineering and Management Institute (WREMI) have organised a One Day Visit for it's Final Year Students and ME Students to Kadana Dam and Wanakbori Weir. The students were given Practical Knowledge on the Reservoir Operation, Information about the Additional Spillway and it's Importance. They were also Enriched with Information on Sujalam Suphalam Project. The Trip Ended with the visit of Wanakbori Weir. Dr T. M. V. Suryanarayana, Director, WREMI along with their other Teaching Staff and Students Expressed a deep sense of gratitude to the Executive Engineer and their staff Members for sharing their Practical Experiences and for being kind in Knowledge Dissemination.

Total 54 participants including students and teachers were present this event.
