The Seminar

Speakers

The Fourth One Day National Seminar on "Genomics and Metagenomics of Microbial Ecosystems" will include research presentations by eminent Scientists on genomics of microbiota associated with humans, environment, plants and their role in health and disease.

Abstracts for poster and Oral presentations

The seminar invites Abstracts from young Investigators and Ph.D. students on topics related to the theme of the Seminar for Poster or oral presentations. An abstract (of about 250 words) should be sent to archanagayatri@yahoo.com on or before 5th February 2020 along with the registration.

Participants preferring oral presentations may specify this preference. Five oral presentations will be selected.

Prof. V. V. Modi Endowment fund

Late Prof. V. V. Modi, the Founder Head of the Microbiology Department and the first co-ordinator of the Biotechnology Centre, was instrumental in laying a strong foundation of quality teaching and research in the Department. The endowment fund was instituted to provide a platform to the young minds to interact with scientists from premier institutes. The first Prof. V. V. Modi Memorial Lecture Series and One Day International Seminar on "Advances in the Molecular Microbiology" was held on January 6th, 2017 and the second and third memorial lectures were held on the same date in 2018 and 2019.
